Re: Continuation

Dear Ladies and Gentlemen:

I would like to reaffirm the comments of our President Mr. Jerry Robinson at a recent DPC meeting.

Our Agency also believes the DPC should continue in existence in order to assist local interests in their efforts to provide protection to all users of the Delta, especially agriculture.

Please contact me if you have any questions or comments.

Very truly yours,

JOHN HERRICK

Re: S. B. 1075

Dear Senator Johnston;

The California Central Valley Flood Control Association represents over seventy reclamation districts, levee districts, cities and counties in the Sacramento and San Joaquin Valleys and Delta. With resolution of the concerns expressed by the North Delta Water Agency in their letter to you dated March 10, 1998 this Association supports the passage of S. B. 1075. The work done by the Delta Protection Commission has demonstrated the ability to address complex issues and bring about a consensus problem solving approach to their resolution.

Sincerely,

Mike Hardesty  
President
